Call: "CQ DIY"

The main goal of this contest-game is to increase interest in working QRP with home-made equipment.

CATEGORIES:

- SINGLE-OP QRP **EXCHANGE:**
Exchange with real RST and used tranciever name. For example: *559 PFR3*, *599 K2*, *579 SW20* , *339 UW3DI* , *599 ROSA* , *559 PIXIE* , *599 FT1000* , etc. If you are using a completely original home-built tranceiver, name it yourself. Duplicate QSOs are allowed on different bands, and ON THE SAME BAND, if you or other station CHANGED his tranceiver. Tranceiver change is meant a new tour for you, but it is not allowed to use againe an already activated tranceivers. For example, lets assume you are worked with tranceivers
PFR, SW20, IC706. If you haven't any other tranceivers, you must continue to use IC706. You can't use PFR & SW20 any more. Total tranceivers count is not limited.

POINTS:
RIGs are differentiated in two classes:
HM - "**Home made**"
F - "**Firm**"

"Home made" is a custom equipment build from a KIT or by original home-made schematic. "Firm" - is any equipment from any firm.

- For each QSO you will get:
HM - HM = 5 points
HM - F = 2 point
F - F = 1 point

- For each new tranceiver name, including yours - additionally 1 point.

FINAL RESULT:

The final result is calculated as a sum of: QSOs points + tranceiver names points.
